

## **Match 12 Orchard Place Farm, The Spit, Lake 6, 21st August 2022**

On a warm and very calm day a full club fished the latest round of this years league. It was a match that everybody seemed to be looking forward to as the prospect of a bumper net of fish was there for all. For some there was no disappointment.

The top 3 all caught in excess of 200lb each with the first place going to Paul "Chummer" Veal who I had the "pleasure" of fishing at the next peg to..... it was like fish soup in his swim at times as he proceeded to give me another battering on his favourite Floating Feeder method.

Second place at the next peg was Terry Williamson who after a slow start in the morning managed over 180lb fishing short in the afternoon, and third was the rising young superstar Mason who had his first 200lb+ match weight with LGAC. He also asked me to mention that not only did he win his section he took a £1 of the champion elect from the next peg - Better luck next time Andy.....

For the rest of the also rans the lake fished one side better than the other and the further up the causeway the better the fishing.

It was the largest individual weight we have had in a match this year, the first 200lb weights this year and the largest total so far this season 1371lbs - not a bad day then.

In the semi final of the doubles the team of Andy Williams and Paul Veal dominated Ian Emms and Ross McGilvery by a weight of 370lb to 128lb and in the 2nd semi final Terry Williamson and Dave Barr edged out Ian Harvey and Dave Ford by 335lb to 127lb.

The final to take place in 2 venues time at Tricklebrook.

Again another excellent day spent in the company of Lee Green members - looking forward to our next venue Monks Lake 3.
