

Match 3 Orchard Place Farm Lake 5 10th April 2022

After some unsettled weather during the week it was really nice to have a very pleasant day's fishing with some sunshine and a very gentle breeze. Some of us still don't understand the power of the sun and the effects it can have on the face and back of the head - some factor 50 required from now on.....!!!!

The fishing was steady with the afternoon for most being more active with the carp getting their heads down to feed. Many differing methods were employed and most worked with the top 4 all using different baits and methods. A total of 660lbs 7ozs of fish was caught.

In the end the deserved winner was Andrew Williams (the runaway leader in club league) who fished down the edges with pellet for our first 100lb+ bag of the year.

Runner up was Paul "The Maltese Falcon" Veal with 89lb of Chummer/Feeder caught fish on caster.

A very nice day with excellent company and a few fish.....I even got through the tunnel with NO PROBLEMS.....!!!!

Also, in the father/son battle for the Harvey's, Dad managed to give Junior another lesson.....that's 3 out of 3 now - Well Done Ian

Next match is at **Lucks Lane on 24th April**. Those who are **NOT** going please contact Ross – Thanks
